

# Lectora Intermediate

## Instructor-led Training Class

This class goes above and beyond the basic uses of Lectora, focusing primarily on the use of variables and conditional actions within a title. In this course, you'll learn how to take your Lectora knowledge to the next level. In this one-day instructor-led course you'll use variables to track user interactivity, display both generic and user information, and conditionally branch within a title. Finally, you'll learn how to publish a title to AICC/SCORM, for use within a learning management system.

**This is an official Trivantis training class. Certificate provided for those who complete the class.**

### Agenda – 1 Day

Start: 9:00

Lunch: 12:00 to 1:00

End: 4:00

### Outline

#### Beyond the Basics

- Media Library Organizer
- Pop-up Window
- Grouping and Ungrouping Objects
- Keystroke Actions
- Working with Tests
- Audio Events
- Library Objectives

#### Working with Variables

- Variables
- Using the Variable Manager
- Displaying a Variable's Value
- Modifying a Variable's Value
- Conditional Actions

#### Tracking & Status Indicators

- Tracking
- Adding a Status Indicator
- Status Indicator Actions
- Tracking Status as a Condition

#### Publishing to SCORM

- Working with Assignable Units
- Publishing to SCORM/Web-based

#### Responsive Course Design

- Creating a Responsive Course
- Responsive Design Inheritance
- Triggers, Actions and Conditions
- Use Page Layouts

#### Tutorial

- Additional Functionality
- Responsive Course Design Tutorial

### Details and Materials

- Class Manual: Step-by-step instructions, tips and hints designed to reinforce live instruction and provide a resource for students who wish to review and reproduce class activities asynchronously.
- Exercise Storyboards: Guides to building the class projects with references to resource documentation.
- Digital Assets: Files such as audio, video and images that are prepared in advance for use in class projects.

### Prerequisites

Students must meet the following minimum requirements:

- Each student will need a copy of Lectora (*trial copy okay*)
- Proficiency using a Web browser
- Basic Windows knowledge, including the ability to:
  - Launch applications using the Start menu
  - Use the taskbar to switch between Windows applications
  - Use Windows Explorer, to navigate the file structure, change the view of file listings, move and copy files, and create new folders
  - Copy and paste text
- Concepts covered in Lectora Fundamentals: Creating course structure, Adding content to a title, Creating buttons, and have an overall understanding of Lectora's book metaphor, inheritance, and modes.
